

VOID Security Tape Products Customized

Carton Sealing

VOID SECURITY Tape™ is specially designed for products that require a high visibility of security and traceability. This product is suitable for use on sealing corrugated cartons, stretch film wrapped pallets along with a variety of different surfaces. Items include Jewelry boxes, specimen samples, controlled drug containers, evidence bags and so much more .

This product produces minimal fiber tear when removed. VOID SECURITY TAPE™ has a built in special security feature of sequential numbering. The tamper evident hidden message is revealed when peeled away from the surface it is adhered to.

Available in:

Rolls, Labels, Diecuts, Custom colors and Logo
